To Obtain Clean water

To: Public Service Commissioner

We are complaining about being passed over to get clean water, There are 8 Family's that this affects. I'm sure that you have never had to experience not having clean water to drink take a shower with or wash clothes with but we do it every day out of these 8 Family's 8 people are disabled this makes it even worse I myself have a crippled 21 yr old cousin that I take care of that cant walk or talk this makes it extremely hard to do with out good water, I called up there and I was told that there had to be 15 Family's within a mile to get extra funding that's not true because from the Laualatke side on mag hollow there's not 15 Family's on the whole road. I was also told as long as I could buy water from a store that we could have water to drink this is not fair to any of us. I was told by Branchland that the water was supposed to come to my driveway it stopped 0.4 mile below my house how is that fair

we have it coming From three directions
heres the MAP

Please see if there anything you can do

Thank,

Brenda S. Adkins
